### Move On When Ready Student Participation Agreement

The Move On When Ready (MOWR) program provides opportunities for eligible students in grades 9-12 to enroll part- or full-time in postsecondary institutions and take college courses to earn both high school and college credit. Effective July 1, 2015, the Move On When Ready program combines all previous Georgia dual-credit programs into one program entitled Move On When Ready, repealing all conflicting laws.

Note: Copies of this completed form must be provided to the students, parents/guardians, and respective postsecondary institution(s).

#### I. Move On When Ready (MOWR) Requirements (Completed by Parents/Guardians) (Please circle Yes, No, or NA)

- Yes/No All Move On When Ready students will be responsible for all state-required courses and the state-required assessments associated with these courses taken through the MOWR program. (Exemptions include American Literature, Physical Science, US History, Economics)
- Yes/No The student's Individual Graduation Plan has been updated to reflect the plan of study through the MOWR program.
- Yes/No The eligible MOWR student must contact the high school counselor for approval before any course/schedule changes can be made during the semester. The student participant and his/her parents or guardians acknowledge that dropping any classes before the end of the semester or not following program rules and regulations may result in removal from the MOWR program, and may affect the student's high school graduation requirements. MOWR program courses and the course grade will become part of the student's high school and college permanent transcripts.
- Yes/No The student and parent(s) or guardian(s) acknowledges that should a participating MOWR student choose to withdraw from a college course, the high school will make its best attempt to place that student in a corresponding high school course or credit recovery opportunity to meet course completion and graduation requirements. If no corresponding course or credit recovery opportunity is possible, the local district shall determine how the course will be recorded as a withdrawal or incomplete on the student's school record.
- Yes/No MOWR expectations and responsibilities have been shared by the school counselor and all student and parent/guardian questions/concerns have been discussed.
- Yes/No The parent/guardian acknowledges that the U.S. Department of Education requires that all post-secondary institutions provide training on sexual assault awareness and prevention under the Violence Against Women Act. This mandatory training information will be provided by post-secondary institutions at no cost and could include MOWR students.
- Yes/No/NA A student participating in the Alternate Graduation Option (Senate Bill 2) through MOWR must have completed all state-required coursework and any state-required assessments associated with these courses.

I, \_\_\_\_\_ (Student Name), hereby grant permission for the college/university to release information about my enrollment and grades, including class schedules and transcripts, to my high school counselor or principal, for the purpose of verifying my high school graduation requirements. This release will remain in effect throughout my enrollment as a Move on When Ready student.

- MOWR classes attended on the college campus follow the college calendar and MOWR classes attended on the high school campus during their scheduled school day follow the high school calendar.
- Students participating in MOWR college courses should do so with the knowledge that the course work may be more rigorous and challenging than high school courses. Students are held to a higher degree of independent responsibility and accountability than in regular high school classes.
